

Doctor of Business Administration (DBA) Pathway Brochure

International DBA pathway guidance for experienced professionals, senior managers, entrepreneurs and corporate advisors.

Partner Institutions

Institution	Pathway Focus
Kennedy University	Executive strategy, governance and applied management research
Birchwood University	Innovation, entrepreneurship and organizational transformation
Florida Coastal University	Global business, operational excellence and leadership practice
EMIT	Technology management, AI automation and enterprise systems

Who the DBA pathway is for

- Experienced managers, entrepreneurs, corporate advisors and senior professionals.
- Candidates seeking research-led credibility and stronger executive decision-making.
- Working professionals who need flexible study planning and advisor-led admissions support.

Core value proposition

- Doctor of Business Administration pathway guidance through international partner institutions.
- Applied business research connected to real organizational challenges.
- Profile review, document preparation, pathway comparison and advisory support.

Candidate support

- Admissions profile review and pathway fit discussion.
- Research topic guidance and statement-of-purpose preparation.
- Curriculum, fee, timeline and awarding details confirmed during institution review.

Important note

This brochure summarizes the LearnifyOps DBA pathway advisory model. Official awarding, recognition, credit, fee, duration and curriculum requirements vary by selected institution and are confirmed during the candidate profile review.
